No horse may be taken onto the track for training or a workout except during hours designated by the association.

Commission Rules

69.5-01-02-05. Search and inspection: The commission, through its employees or agents, or through employees of the association, so authorized by the commission, may search and inspect for prohibited medication, drugs, drug paraphernalia, or any electrical or mechanical equipment usable to affect the condition or racing condition of a horse or any item prohibited by these rules, at any time without notice. Such search and inspection may be made of the following:

1. Association stables, receiving barns, the paddock, jockeys' room, supply rooms, blacksmith, and similar service shops or areas, including living quarters or private vehicles located within enclosure of the association grounds; and 2. The person, employee, or agent of any licensee while upon the association grounds in the prescribed areas described in subsection 1.

69.5-01-05-03. License acceptance: Acceptance of the license or permit from the commission by any permittee or licensee is deemed a consent to search and inspection by the commission pursuant to these rules, and to the seizure of any prohibited medication, drugs, paraphernalia, or devices.

Claiming

To make a claim, the eligible person must do the following.

- Deposit to such person's account with the horsemen's bookkeeper the full claiming price and applicable taxes as established by the racing secretary's conditions.
- File the claim filled out completely and with sufficient accuracy to identify the claim in writing on forms provided by the association prior to the time the horse leaves the paddock in a locked claim box (located in the Bookkeeper's office) maintained for that purpose by the stewards.

Scratches

In all overnight races with more than (8) horses, trainers shall have the right to declare out to that number by the specified scratch time, such right to be determined by lot when necessary. Declaration below (8) horses may only be made by permission from the Stewards. The Stewards will give notice that when only (8) horses or less are entered for a race or when a field of horses is reduced to (8) by reason of declarations, no horse will be excused except upon a report of disability by the official.

- All scratches must be made by 8 AM of the day following entry.

Purse Distribution

- The following purse (except Stakes and Overnight Stakes) percentage distribution will be in effect during the 2022 race meet:
 - Daily Races 1st – 50% 2nd – 25% 3rd – 12% 4th – 8% 5th – 5%
 - Stakes races will pay out all positions based on the number of horses that have qualified and entered
 - If a race is declared a “no race” all funds will be returned to their original source. No purse money will be distributed to any race participants.

Preference System

1. Preference dates will not supersede conditions of a race (winners preferred, high weights preferred, etc.)
2. Horses will not be eligible to receive a date until their papers are on file in the Racing Office.
3. In stakes races, high weights preferred is determined based on a horse's earnings in 2021 & 2022.
4. All horses registered prior to 4:00 p.m. on **July 1st, 2022** will receive a zero, which is the lowest possible date. A horse keeps their zero date until he/she runs or scratches.
5. All horses registered after 4:00 p.m. on **July 1st, 2022** will receive an "E" date of the day registered.
 6. A zero has preference over a running date.
7. Horses that run will receive a running date corresponding to the date they race and lose all dates previously held. This includes stakes and handicaps.
8. Horses which scratch or are scratched will keep their preferences as if they had run.
9. All horses placed on the Stewards; Veterinarians, or Starters list will be posted on the bulletin board. They will not be permitted to enter until they have been approved to start. Horses placed on these lists will keep their dates as if they ran the race in which they made the list. Horses which are scratched will be given a date for the day the horse comes off the list.
10. Horses which have established a date at the current meeting will not lose that preference date should their papers be withdrawn from the Racing Office for just cause (i.e. tattoo, corrections, change of ownership or clarification, etc.). The Racing Secretary may determine the status of the preference date established.
 11. Preference dates are good at any distance.
12. The claiming of a horse, ownership transfer, or trainer transfer of a horse does not affect the preference date assigned to him/her. In the fourth and the eighth rules specified above, if a horse is registered or comes off a list on a non-racing day, the next day will be used.
13. When a horse's name appears in a race, other than a stakes, and is entered for the following day, such an entry will be given no consideration should the race in which it is entered overfills.
 14. Maidens entered against winners will receive least preference.

15. Horses on the also-eligible list one day and in the body of a race the following day will be automatically scratched from the also-eligible list.
16. It is the responsibility of the person making an entry to claim preference at the time of entry. The Stewards will not consider claims that do not comply with the above regulations.

Jockeys

As a courtesy, please call before entries on day one to inform the Racing Secretary of your intentions to ride at NDHP in 2022

- Any authorized person entering a horse in any given race shall, at the time of making such entry, name the jockey for said horse.
- A rider may be named on two horses in a race provided one is on the also-eligible list.
 - A coupled entry shall be considered one horse for the purpose of this rule.
 - The names of all jockeys who are to ride shall have alongside their names on the overnight (1) indicating first call, and (2) indicating second call.
- In the event of conflicting claims for a jockey's services, whether for a specified race, for the meeting, or other period, only those in writing and filed with the Racing Secretary shall be considered valid by the Stewards.
- A jockey may have two calls on the also- eligible list and none in the body of the race.
 - The Stewards will name a jockey on all open horses. If the jockey agent does not designate first and second call at the draw, the jockey will be removed from their mounts in that race except for apprenticeship.
- Apprentice allowances waived at the draw cannot be reclaimed at scratch time. Trainers must have an apprentice jockey engaged before claiming the apprentice allowance.
- Jockeys having engagements to ride must be in the Scale Room (1) hour prior to post time for the first race.
- Any jockey taken off mounts due to illness or injury is not eligible to be named on horses until approved by the Stewards.
- Any jockey engaged to ride any horse is bound to fulfill his/her engagement unless excused by the Stewards.
- Should a rider become injured or ill on the way to the post or at the gate and the Stewards shall designate a substitute rider, such rider will fulfill the order of the Stewards and complete the engagement on the horse.

2022 Jockey Incentive

A \$25 per ride payment to Jockeys for each ride. Those Jockeys that have a minimum of 24 rides out of the gate qualify for the meet bonus. This bonus will come from funds not expended for rides and shall be divided equally amongst all riders that have 24 rides each meet for both NDRC sponsored meets. In the case where a track extends the race meet, they can continue the \$25 per ride until the \$12,000 incentive has been exhausted.

Jockey and Rider Safety

1. As soon as a problem with the condition of the racetrack or hazardous weather is identified as a safety risk; the jockeys must immediately notify the racetrack officials and stewards.
2. **Lightning:** The jockeys should not be asked to leave the paddock when lightning storms are in the immediate vicinity. The jockeys, trainers, and track management should attempt to complete the racing card if reasonably possible, after the storm **system** has cleared the area.
3. **Unsafe Track Conditions:** The stewards shall notify the track manager of any problem concerning the safety conditions of the racetrack. The track manager will try to rectify the situation as soon as possible. a. As soon as the problem has been addressed, the track manager, the jockeys, the trainers, and management will physically review the area in question. If all agree that the problem is corrected, racing will proceed. If any one of the groups is still not satisfied, the jockeys will give the track manager additional time to correct the problem. b. A vote by the jockeys will not take place until the racetrack has had the opportunity to correct the problem. Should the jockeys remain unsatisfied after the track manager has attempted to correct the problem, a vote will be taken by the jockeys who are scheduled to compete on the remainder of the card and the jockeys will determine if racing proceeds. If most eligible jockeys agree not to continue, racing will be canceled. The stewards and/or management will monitor the procedure and announce the outcome. No horsemen, owners, or members of track management are allowed in the jockey's room during the voting process. c. If enough jockeys vote to continue racing and a jockey who is scheduled to ride remains concerned about his/her safety, that jockey may take off their scheduled commitments without repercussions from management, stewards and/or the state racing commission.
4. **Cold Weather:** All parties agree that racing may be canceled if the **wind chill factor** is recorded at below (32 degrees) at the agreed upon times. A committee will meet at 11 a.m. that day with jockeys, trainers, stewards, and track management. No vote will be taken if the wind chill factor is above (32 degrees). A jockey may, however, take off mounts with no repercussions from management, stewards and/or the state racing commission.
5. **Hot Weather:** All parties agree that racing may be canceled if the **heat index** is recorded at (105 degrees) or warmer at the agreed upon times. A committee will meet at 11 a.m. that day with jockeys, trainers, stewards, and track management. No vote will be taken if the heat index is below (105 degrees). A jockey may, however, take off their remaining commitments with no repercussions from management, stewards and/or the state racing commission. a. other factors that may affect the weather during extremely hot days may include a breeze or lack of a breeze and if it is partly cloudy or if there are no clouds to shield the sun.

Due to concerns about the national spread of EHV, the State is imposing quarantines on any facilities which test positive for EHV. You will not be able to remove or bring in any horses until 21 days after the last EHV symptoms are present. All horsemen must do their part to reduce the risk of this occurring. As a result of the high incidence of EHV at racetracks across the nation and the potential impact on the ND race season, the Commission is providing the following recommendations to horsemen to protect their horses and keep their meets open:

If you claim a horse from an area which has had an outbreak, have it tested. Info on affected areas can be found here:
<http://equinediseasecc.org/outbreaks.aspx>.

Vaccinate your horse against EHV-1. This is not an absolute preventative but can possibly reduce the severity of the infection and possibly prevent the death of your horse. Make sure to follow labeling/Vet directions and administer within the proper time period before the meet to have the desired effect.

Check your horses' temperature before shipping. An elevated temperature of 102 degrees or more can indicate a potential infection and the need to consult a Vet.

Follow biosecurity procedures before and during the meet. It is important to limit nose-to-nose contact with other horses and the sharing of buckets. These are the easiest ways for EHV to be transmitted. A copy of the USDA Biosecurity Brochure will be available at the track or can be found here:

https://www.aphis.usda.gov/publications/animal_health/2011/bro_keep_horses_healthy.pdf.

As required by our rules, all horsemen must have current health certs and coggins on file with the race office. Be aware that a State Vet Field Investigator will be at the meets to check paperwork/horses. Anyone found without the appropriate paperwork will be subject to disciplinary action by the Stewards and Commission. Any horses found to have EHV symptoms will be subject to further testing.

******* NOTICE *******

The rules listed in this Condition Book do not supersede the rules adopted by the North Dakota Racing Commission which governs all races run over this track.
